## RECOMMENDATION LETTER

**Medical Student:** *Kateřina Uvírová*

To Whom It May Concern,

It is my pleasure to write this letter in support of Kateřina Uvírová for the role of a resident doctor. She attended a monthly internship at the department of Gynecology and Obstetrics. During this internship she learned the basics of gynecological examination. She has performed several natural births and assisted in the cesarean sections. She has become part of our Doctors and Medics team.

I gladly inform that she has always behaved in accordance with ethics, responsibility and respect, which are the main virtues to professionals and students. As a medical student, she demonstrates empathy and compassion to the patients and cooperation for working as a team with her colleagues. Based on the qualities listed above, we doubtless recommend her to your program.

Sincerely,

Dra. Nicole Kuster Porpino
