

LETTER OF GOOD STANDING

I am pleased to support Hedvika Adamová, who has completed an internship in Ophthalmology, during an IFMSA SCOPE Exchange in Hospital São João, Porto, Portugal.

Hedvika Adamová has been a very responsible student collaborating with the physicians during the internship. She possesses the necessary motivation and dedication to succeed in Medicine. She is a very motivating student, excited with the potential of advancing the scientific output and to give the best care to her patients.

From her experience, I feel confident that Hedvika Adamová will be able to use this experience in the most fruitful way and I am happy to recommend her. I am sure Hedvika's drives and motivations will be highly appreciated during her future career and will enable her to take the most of future opportunities.
