This is to certify that the student listed below participated in the clerkship/s indicated at the affiliated teaching hospital/s of the Harvard Medical School and was scheduled through the Harvard Medical School Registrar's Office. Clerkships are identical in content and instruction to those offered to Harvard Medical School students. Exchange clerks have the same duties and responsibilities as a final year Harvard student.

Visiting students remain registered at their own schools while they are participating in clerkships at the Harvard Medical School and its affiliated teaching hospitals and are not officially registered as students at Harvard University.

Student: **Matej Halasa**
Masarykovy Univ., Czech Republic

Formative Comments

(for use by students/advisors; not to be quoted in Dean's Letter: please provide specific recommendations for improvement)

Excellent performance on the neurosurgery service.
You are clearly highly motivated and we expect you will have a successful residency.

How and when was formal feedback given about issues raised in this evaluation

In person, in the small group sessions and throughout the rotation

Summative Comments

(final evaluation of the student's overall performance: narrative may be quoted in Dean's Letter)

Excellent performance on the neurosurgery service.
Highly capable and motivated. Demonstrated a remarkable ease in speaking to patients and staff and excellent ability to work in a group and relate to team members. Fund of knowledge excellent as is desire to learn. Gave an excellent presentation on basilar apex aneurysm that demonstrated very good ability to synthesize information and identify areas for further technical development.

Final Grade: H
