**Re: Lenka Hudson**

**Lenka was in my family practice office between July 30, 2018 and August 24, 2018 to “shadow” me as I provided health care to a variety of patients. She spent 72 hours in my office and was respectful of our patients and was an astute observer. When reviewing patient cases, Lenka pointed out important observations and asked meaningful questions. She was adept at finding information quickly on the internet.**

**I enjoyed having Lenka in my office and believe she will become a wonderful physician.**

**Sincerely,**

  
**Kathy Mayhew D.O.**
