To whom it may concern,

Laura Čiřková, a medical student from Czech Republic, joined us in the department of Gynecology and Obstetrics, Faculty of Medicine Siriraj Hospital, Mahidol University for the 2 weeks rotation in August 2022. She is a student participated in the IFMSA Exchange program.

Laura expressed a high interest during this 2 weeks driven by her intention in Gynecology and Obstetrics. She joined to the every day activities of the department. She was thrilled by the activity in the OR and discuss details of some of the gynecology operations such as posterior colpoperineorrhaphy, lap. left OV cystectomy and others. She assisted in C-section surgery and observed a baby deliveries. In the family planning medicine she performed the procedure of implantation and removal of the Intradermal contraceptive device and more. She was very active in asking about condition seen in the outpatient clinic and she had been involved in the examining of the patients as well.

Your sincerely

Pattaya Hengrasmee
