

## Transcript of Records

at Host Institution

**Student: Králíková, Marie**  
**Date of birth: 01.12.1998**

**Academic Year: 2021/2022**

**Host Institution: Medizinische Universität Wien**

**Start and end date of the study period: 28.02.2022 to 31.07.2022**

Component code (if any)	Component title at the Receiving Institution (as indicated in the course catalogue)	Was the component successfully completed by the student? [Yes/No]	Number of ECTS credits (or equivalent)	Grades received at the Receiving Institution <sup>1</sup>
5DIPLMCLS	Clinical Clerkship 2 weeks (Emergency Medicine)	yes	3,00	pass
5DILMPED	Module T3 Pediatrics	yes	6,70	2
5DIPLMOPT	German course (external)	yes	4,00	2
5DIPLCLS	Clinical Clerkship 2 weeks (Gynecology and Obstetrics)	yes	3,00	pass
5DILPMEMM	Module T7 Emergency Medicine, Intensive Care	yes	6,70	3
			Total: 23,40	

Commitment	Name	Email	Position	Date	Signature
Responsible person at the Receiving Institution	Hofrat Salemi, Human, Dr.	Exchange-incomings @muv.ac.at	Coordinator	27.07.2022	

## ECTS and grading information

At Medical University of Vienna, the workload of an individual course is measured in ECTS credits. In Austria, the full workload for students comprises 30 ECTS per semester.

One ECTS credit roughly corresponds to 25h of working time.

### 1. Austrian Grading Table

Austrian grade	English Translation
Sehr gut (1)	Excellent
Gut (2)	Good
Befriedigend (3)	Satisfactory
Genügend (4)	Sufficient
Nicht genügend (5)	Fail

### 2. Grade distribution table

Incoming exchange students currently can only take curricular courses of the 5<sup>th</sup> year at MedUni Vienna. The corresponding written examination is called "SIP 5a" (for details please see [Information for Incoming Students](#))

#### SIP5a distribution of scores

Austrian grade	% correct answers
Sehr gut (1)	90-100 %
Gut (2)	80-89 %
Befriedigend (3)	70-79 %
Genügend (4)	60-69 %
Nicht genügend (5)	<60 %

The following table shows the distribution of passing grades for this exam (average academic years 2019/20 and 2020/21).

Sehr gut (1)	4,20 %
Gut (2)	29,20 %
Befriedigend (3)	47,90 %
Genügend (4)	18,70 %

## Certificate of Internship:

*This is to confirm that the student:* Marie Kralikova, birth on 1.12.1998

*completed an internship at our workplace:*

AMEOS Spital Einsiedeln, Spitalstrasse 28, 8840 Einsiedeln, Switzerland

*Length of internship:* 17.07.2021 – 15.08.2021

### *Evaluation*

The AMEOS Spital Einsiedeln is a hospital of basic care. We perform anesthesia in the field of obstetrics and gynecology, abdominal surgery, spinal surgery and especially orthopedics. In our intermediate care unit, we monitor patients post-operatively as well as internal patients in basic care. The rescue service (primary rescue) is also affiliated to us. Due to our geographical location, the supply order on the edge of the high mountains, our primary care extends to a wide range of illnesses and injuries. Marie Kralikova got to know the basic practical activities of anesthesia in our hospital. Due to her very good education and her quickness of the mind she was able to take on and exercise responsibility in the area of perioperative patient monitoring.

During our consultation hours, but also in emergencies, Ms. Kralikova deepened her knowledge of the assessment of the patient's perioperative risks. In addition, she learned to recognize the need for additional preoperative measures, such as further findings and examinations. Ms. Kralikova was able to demonstrate her good technical skills and good manual learning ability with mask ventilation, insertion of the larynx mask, first intubations and application of spinal anesthesia. Ms. Kralikova is a sensitive personality with always good manners. She quickly managed to establish trusting contact with the patient. Her cooperation with our medical and nursing staff was courteous and trusting. Ms. Kralikova is a suitable and talented doctor in apprenticeship. We will be happy to hear from her again in a later phase of professional career,

Yours sincerely

Spital Einsiedeln  
Dr. med. J. Falke  
Chefarzt Anästhesie  
Spitalstrasse 28 / PF 462  
8840 Einsiedeln
