Hello, I am Eynav, I am a medical student finishing in the upcoming year. I am applying to the "Absolventský program", I am passionate about cardiology and the option to work with respected specialists in the field in FNOL.

## Occupational experience:

- **Magen David Adom (MDA)** in Israel since 2015 until today.
  - Instructor in various topics related to basic life support for both EMT teams (newcomers and refresh classes for experienced teams), external organizations and CPR to bystanders.
  - Medic (BLS) as an ambulance driver (as head of the team) and as mobile ICU driver with a paramedic.
  - Medic and first care giver in a summer camp infirmary under doctor's supervision. Providing care for the children and staff of the camp.
- **Army service:** Israel Defense force (IDF) 2012-2015
  - Combat medic in field intelligence unit.
  - Instructor of combat medics focusing on PHTLS, airway management, Differential diagnosis of traumatic injuries and kinematics, aiding ALS care giver with difficult procedures such as intubation and chest tube in the battlefield.

## Education:

- **Medical student** in the 6<sup>th</sup> year of studies in Palacky university in Olomouc Czech Republic.
  - Studies are in English
  - Planned to finish the studies at May 2023.
- High school

## Skills:

- Languages –
  - Mother tongue – Hebrew
  - Fluent in English
  - Basic conversations in Czech and Portugues.
- Team player
- Capable of speaking to an audience
- Quick to adapt
- Reliable and responsible

Thank you for taking the time to review my CV. looking forward to talking to you.

Sincerely, Eynav Levi.
