Re: Ms. Klára Pekařová

I am writing you this letter on behalf of Ms. Klára Pekařová, a fifth year medical student I had the pleasure of meeting during her one-month IFMSA exchange program here in the University Medical Centre Ljubljana, Slovenia. Ms. Pekařová was under my direct supervision in the General surgery department, and is one of the brightest students I have taught in my career. Ms. Pekařová showed great enthusiasm in knowing and understanding all of the general knowledge about infectious diseases, diabetic foot and general surgery, she was observing, assisting and working under supervision, and in attending daily at 8:00 AM.

In addition, it was clear that she had a vast encyclopedia of knowledge she wanted to put into good use. She was highly likeable and sociable, and maintained many positive relationships with almost everyone in the department, developing excellent rapport.

I would urge you to consider her into the position she is searching for.

Should you have any further questions regarding Ms. Pekařová, please do not hesitate to contact me.

Best regards,

Dr. Miloš Macura
