WHAT TO ORDER?

ARENA NX Part Numbers with Open Point Licenses

Open points include all the point types including BACnet IP, LON, KNX-IP, M-bus, Modbus TCP, oBIX, SNMP, and C-Bus.

The ARENA point licenses support any open system drivers including C-Bus. The respective drivers will be installed by the ARENA NX setup. Use these licenses if your project contains EAGLE or FALCON controllers. All the basic licenses contain an initial maintenance license of 18 months.

Part Number	License Key	Description
CLNX-S-500P	CLNX-S-500P	Supervisor 500 points
CLNX-S-1250P	CLNX-S-1250P	Supervisor 1250 points
CLNX-S-2500P	CLNX-S-2500P	Supervisor 2500 points
CLNX-S-5000P	CLNX-S-5000P	Supervisor 5000 points
CLNX-S-10000P	CLNX-S-10000P	Supervisor 10000 points
CLNX-S-50000P	CLNX-S-50000P	Supervisor 50000 points

ARENA NX Part Numbers based on NIAGARA Nodes

The basic ARENA NX node licenses support any NIAGARA controllers like HAWK8000, HAWK, or EAGLEHAWK. (A BACnet EAGLE or C-Bus controller is not a node)

Part Number	License key	Description
CLNX-S-1N-200PP	CLNX-S-1N-200P	Supervisor - HAWK / EAGLEHAWK with 200 proxy points. Does not support the Point List View
CLNX-S-5N	CLNX-S-5N	Supervisor - 5 HAWK / EAGLEHAWK
CLNX-S-10N	CLNX-S-10N	Supervisor - 10 HAWK / EAGLEHAWK
CLNX-S-100N	CLNX-S-100N	Supervisor - 100 HAWK / EAGLEHAWK
CLNX-S-UNLN*	CLNX-S-UNLN	Supervisor - unlimited number of HAWK / EAGLEHAWK

NOTE: Licenses of FOX nodes are indicated by the suffix "N" in the part number

* request the price your regional sales manager

ARENA NX Upgrade Licenses

The basic point and node licenses can be upgraded by any of the following point or node upgrades. The upgrades do not influence the maintenance extension licenses which always depend on the basic license.

Part Number	License key	Description
CLNX-S-500P-UP	SUP-DEVICE-10	Add driver capacity 500 points
CLNX-S-1250P-UP	SUP-DEVICE-25	Add driver capacity 1250 points
CLNX-S-2500P-UP	SUP-DEVICE-50	Add driver capacity 2500 points
CLNX-S-5000P-UP	SUP-DEVICE-100	Add driver capacity 5000 points
CLNX-S-10000P-UP	SUP-DEVICE-200	Add driver capacity 10000 points
CLNX-S-50000P-UP	SUP-DEVICE-1000	Add driver capacity 50000 points
CLNX-S-1N-UP	SUP-UP-1	Add 1 HAWK / EAGLEHAWK
CLNX-S-1N-200PP-UP	SUP-UP-1-200P	Add 1 HAWK / EAGLEHAWK with 200 proxy points. Adds another 200 proxy points to the license and does not care from where these points are connected. So one HAWK could have 100 and the other one 300 points.
CLNX-S-10N-UP	10 X SUP-UP-1	Add 10 HAWK / EAGLEHAWK
CLNX-S-100N-UP	SUP-UP-100	Upgrade to 100 HAWK / EAGLEHAWK
CLNX-S-UNLN-UP*	SUP-UP-UNL	Upgrade to unlimited HAWK / EAGLEHAWK

* request the price your regional sales manager

ARENA NX Upgrades

This chapter describes the available Supervisor options for upgrading ARENA NX licenses.

Please note that in the part numbers list:
