Pre-financing payment**

Dear Madam/Sir,

In connection with your above-mentioned grant agreement, we would like to inform you that we will shortly **launch** the **pre-financing payment**.

The pre-financing payment will amount to **EUR 396832.50**.

Please also be aware of the following:

- The pre-financing remains the property of the EU until the payment of the balance.
- The amount you will receive may still be lowered, if the Agency decides to offset it against debts owed by one of the beneficiaries to it or another executive agency. In this case, you and the beneficiary concerned will be informed directly about the offsetting.

In case of questions, please do not hesitate to contact our project officer, via the 'My Area' section of the Participant Portal.

Yours faithfully,

The Authorising officer
